Fall
Winter
22/23

Woolk® creates knitwear hats inspired by nature and outdoor life. We use top of the range yarn such as alpaca and merino wool provided by domestic and Italian suppliers. Most of the hats are partially handmade and we are glad to benefit from the experience of the best local designers.

Our story began in 2008 in the area of Łódź - the very heart of Poland called the 'promised land'. A place famous for numerous traces of textile industry. That makes us even more proud to use the 'Made in Poland' label.

Following our big dreams, we quickly became a strong company creating high-end knitwear designed and manufactured for the most demanding users.

Each collection is a new exciting challenge and opportunity to bring our best ideas to your life and keep you warm all Winter long.
